

### Photo Requirement and Photo Release

#### Photo Requirement

The Fairfield Gonzales Community Association considers the safety of your child its main priority. In order to enroll your child in our VIHA licensed Out Of School Care program we are required to take a photo of your child and place the photo on the emergency card. The emergency card document is for internal and medical use only.

#### Photo Release

In addition there are times when The FGCA Out-Of-School care program may utilize your child's photo for newsletters and art. The FGCA is occasionally approached by external venues such as the active community living guide and or local media for promoting upcoming community events. Please fill in the form below with your initials in the appropriate column indicating your approval.
